September Family Newsletter 2021

We Are The Hawks!

CCCS is Celebrating 26 Years in Existence!

A Note From Dr. Farrer

Happy September CCCS Families!

We are off to a great start! Our students are learning all the routines and procedures of CCCS life. Teachers have set expectations and met with families. New friendships are blossoming and learning is taking place. It is a good start to the year indeed.

At the top of the priority list is keeping all students and staff safe and keeping our doors open. The beginning of the year provided us with an opportunity to rethink our COVID mitigation measures and we quickly layered up on the safety measures. As long as the COVID case numbers are on the rise in Butte County, CCCS will put safety measures in place to keep everyone safe. At this time, those measures include (but are not limited to):

- health screening prior to entering the campus
- required face coverings indoors
- updated HVAC system
- air filtration systems in classrooms and all buildings
- keeping windows open when appropriate
- hand sanitation stations all over campus (everywhere)
- cough guards
- extra surface cleaning throughout the day
- limited visitors on campus
We know that once the case numbers lighten, we will lessen the restrictions. For now - safety is of the utmost concern and we want to keep our doors open for in-person learning.

Please keep reading the newsletter for opportunities to get involved! Regardless of COVID-19 - we are forging ahead with a year filled with fun events and involvement.
